

Do you want to start your own business and work from home?

Who The Original Craft Night is and what we do.

The Original Craft Night facilitates a monthly craft event at various venues for people to connect with family and friends and have fun while enjoying a personalized, creative experience. If they are crafting solo, it is an excellent way for people to make new friends in their community. Events are held in various settings; most frequently in pubs, restaurants, and other local venues. We provide craft events to businesses for a fun activity, or tailored for “Team Building”. We do craft parties for private people too.
